

JSPM's Jayawantrao Sawant College of Engineering, Pune

NISP 2019

Vision

"Developing Critical & Deep thoughts, Inventing Inventions and Encouraging the development of wealth through Entrepreneurship."

Mission

1. To enhance the IIC in aspects of the participation of students and faculties, by encouraging them through educational modules, workshops, Seminars and inspiring activities.
2. Arrange the annual sequence of events and activities that the MIC wants, Such as a Hackathon, Start-up, Design & Innovation seminars, workshops, and Project Idea Competitions & Business plan competition.
3. Building and enhancing a network of experts & mentors, business entrepreneurs, project funding supporters and enablers for the profit of IIC investors.
4. To support and provide facilities to start-ups, incubators & pre-incubators.

Short Term Goals:

Promoting, encouraging and motivating maximum JSCOE startups with the new technologies.

Long Term Goals:

Improving dedicated support for the full rapid growth in JSCOE for start-ups & patents. Developing innovative projects using the latest technologies to solve social problems in the fields of agriculture, transport, healthcare and renewable energy.
