TRAINING & PLACEMENT

Training and Placement Department provides a unique platform to the budding engineering professionals where they are exposed to the modern trends in the industry. Besides, it also catalyses the career of students by providing them prolific opportunities in world-class organisations to realise their dream career. Training and placement has played a pivotal role in creating an outlier for the contemporary industry sector with an easy access to the highly competent work-force. These companies conduct campus interviews to pick elite students to fulfil their corporate expectations. Phenomenal statistics achieved by an exponential rise in the number of students placed in esteemed organisations is a testimony to our quality training framework which has been built over years of incessant efforts. In today's era, our Training and Placement cell has become the precious kernel, which has ensured the holistic development of the institution in the years to come.
